     in Los Angeles, March, 282  
     training foreign medical graduates, 457
- president's page**, 427, 746, 877
- relation to American Heart Association**, 428
- tutorial program of**, 457
- Young Investigators' Awards**  
     competition for 1966 announced, 431, 753, 884  
     winners 1965 announced, 746
- American Journal of Cardiology**  
     information for authors, 292, 432, 604, 754, 885  
     Consultants Corner announced, 742
- Anesthesia with cardioversion**, 55
- Aneurysm**  
     abdominal, rupture of, into inferior vena cava, 416  
     pseudoaneurysm of heart, pulsatory and auscultatory phenomena of, 422
- Angina pectoris, nitrates, stereo-isomeric, for**, 220
- Angiocardiology**  
     in aortic stenosis and coarctation, 827  
     in endocardial fibroelastosis, 631  
     left ventricular wall dimensions in children  
         in hypertrophy, 820  
         normal, 815
- Aorta**  
     coarctation of, 742  
     interruption of arch of, in complete transposition, 111  
     malignant tumor of, 107  
     outflow obstruction of, and ejection click, 782
- Aortic insufficiency and left ventricular ejection time**, 809
- Aortic stenosis**, 605  
     congenital, systolic pressure in, and left ventricular hypertrophy, 827  
     early systolic click in, 782  
     subaortic  
         infundibulectomy, transaortic, for, 801  
         hypertrophic, bedside test for, 871  
         muscular, variations in degree, 761  
     subvalvular aortic, muscular, with congenital cardiovascular lesions, 837  
     valvular, heart sounds in, 782
- Arrhythmia**  
     cardiac pacing with electrode catheter, 48  
     conversion under anesthesia, 55  
     fibrillation, ventricular  
         and heart block with systole controlled by percutaneous wire electrode, 401  
         from two functioning pacemakers, 397  
     tachycardia  
         paroxysmal atrial, repetitive multifocal, with A-V block and concealed A-V conduction, 868  
         paroxysmal ventricular, in pregnancy, 732  
     telemetric monitoring of, in myocardial infarction, 33
- Apex cardiogram correlated with left ventricular pressure**, 647
- Artery**  
     aorta  
         coarctation of, 742  
         outflow obstruction of, and ejection click, 782  
         malignant tumor of, 107  
     coronary heart disease, epidemiology of, in Crete, 320  
     coronary, single, with arteriovenous fistula, 848  
     pulmonary  
         hydatid embolic obstruction of, 708
- Asystole and ventricular fibrillation in heart block**, 401
- Atrium, contribution to ventricular filling**, 195
- Auscultation and pseudoaneurysm of heart**, 422
- Blood, O<sub>2</sub> saturation of, continuous measure of, with dye-dilution curves**, 672
- Book Reviews**  
     Anesthesia and the Circulation (Fabian, editor), 745

- American Journal of Cardiology**  
April issue and citation presented to Dr. P. D. White, 473  
information for authors, 158, 320, 476, 630, 778, 934
- Anatomy of common aortopulmonary trunk**, 406
- Aneurysm**  
congenital, dilatation of left atrial appendage, 438  
and ectasia of aorta with cystic medial necrosis, 679  
pseudo-, left ventricular, secondary to stab wound, 601  
of thoracic aorta repaired, 605
- Angina pectoris**  
dipyridamole therapy for, 234  
graduation of pathology in, 159
- Angiocardiogram**  
in interruption of aortic arch with transposition of great arteries, 442
- Aorta**  
annulo-aortic ectasia with cystic medial necrosis, 679  
arch of, interruption of, with complete transposition of great vessels, 442  
coarctation of, 253  
thoracic, rupture of, simulating coarctation, 605  
truncus arteriosus communis, 406
- Arrhythmia**  
basic mechanisms of, 779  
diagnosis by electrocardiogram, 906  
fibrillation, atrial  
and left atrial pressure, 184  
and tricuspid insufficiency, 189  
fibrillation, ventricular, from quinidine, 118  
identification of, by constant monitoring, 779  
lidocaine and procainamide, effects on, 701  
parasystole  
atrial, 457  
atrial and ventricular, 463  
sinus

tachycardia  
and fibrillation, ventricular, in coronary occlusion, 813  
supraventricular, persistent, in asymptomatic man, 449
- Arteriography, coronary, and clinical correlation**, 159
- Arteriovenous fistula, internal iliac, postpartum**, 292
- Artery**  
aorta  
annulo-aortic ectasia with cystic medial necrosis, 679  
coarctation of, 253  
simulated by rupture of thoracic aorta, 253, 605  
coronary  
arteriography of, and clinical correlation, 159  
collateral circulation of, 238  
disease of, and environment, 106  
insufficiency of, and precordial T waves, 195  
occlusion of,  
acute, causing infarction and sudden death, 859  
treated with fibrinolytic enzymes, 93  
and ventricular arrhythmia, 813  
iliac, internal, arteriovenous fistula of, 292  
pulmonary  
perforation by migrating Kirschner wire, 598  
pressure, in ventricular septal defects, 665  
systemic, embolism of, after cardioversion, 452

- Atherosclerosis, severity determined by selective coronary angiocardiology, 159
- Atresia, pulmonary, with intact ventricular septum, 746
- Atrial systole  
and cardiac output in heart block, 1, 11

**H**

- Heart**
  - cardiodynamics during A-V block, 72
  - glycogen storage disease of, 137
  - reflex control of, in A-V block, 84
  - response to physical and mental stress and exercise, 42
- Heart beat**
  - effect of rate of, on A-V conduction, 516
  - paradoxical pulse, Kausmaul's original description, 426
- Heart block**
  - atrial contribution to output during cardiac pacing, 1, 11
- A-V**
  - cardiodynamics of complete, 72
  - complicated by Chagas' heart disease, 114
  - in familial cardiomyopathy, 267
  - reflex control of heart in, 84
- bundle branch block**
  - in dextrocardia with situs inversus, 297
  - left, associated with myocardial infarction, VCG criteria for, 352
  - right, correlated with myocardial infarction, 342
  - peri-infarction, in surgery for aortic regurgitation, 67
- Heart disease**
  - detection in school children, 679
  - organic, Warren on (1809), 738
- Heart failure** simulating acute surgical abdomen, 576
- Heart sounds**
  - analysis by contour plotting of, 547
  - functional basis of, 631
  - opening snap, double, mitral and tricuspid, 800
  - in patients with prosthetic ball-valves, 794
  - second sound-opening snap interval and left atrial pressure, 184
  - taped, for mass screening of heart disease, 679
- Hemodynamics**
  - alterations of, in idiopathic cardiomyopathy, 672
  - in atrial fibrillation and tricuspid insufficiency, 189
  - during cold pressor test in normal and hypertensive subjects, 54
  - in interruption of aortic arch with complete transposition of great vessels, 442
  - with lower body negative pressure, 506
  - outflow obstruction of normal left ventricle of dog, 540
  - unilateral renal, 820
- Historical milestone**
  - aortic coarctation, intra vitam diagnosis (Mercier, 1839), 253
  - Latham on cardiac auscultation (1847), 571

  - Warren on organic disease of heart (1809), 738
  - Wooster (1867) on cardiology after the California gold rush, 881
- Hospitalization**, coronary care area, 466
- Hypertension**
  - associated with  $S_1S_2S_3$  pattern, 524
  - hemodynamics during cold pressor test, 54
  - medical vs. surgical treatment, 61
  - methyldopa for, 552
  - primary, survival survey, 61
  - pulmonary
    - measurement of, by phlebogram and phonocardiogram, 665
    - and total anomalous pulmonary venous drainage, 176, 280
    - and ventricular septal defect, 634
    - and renal disease in adrenal tumor, 432
  - Hypertrophy of myocardium reduced by digitalis therapy in rats, 534
  - Hypotension, postural, from pressor amine dependence, 847
- Iliac artery**, internal, arteriovenous fistula of, 292
- Instrument**
  - miniscope for immediate electrocardiographic image, 465
  - needle electrodes, subcutaneous, monitoring device, 300
- International circuit course**
  - arrangements for, 771
  - dates and faculties, 771
  - No. 10, Prague to Saigon, report of, 142, 302
- Intestinal infarction**, nonocclusive, 562
- Ischemia**
  - acute myocardial, with mitral insufficiency, 807
  - or infarction of bowel, 576
- Isoproterenol**, effect on A-V conduction, 516
- and ventricular outflow obstruction, 540
- Kidney**
  - disease with hypertension caused by adrenal tumor, 41
  - hemodynamics, unilateral, 820
- Letter to Editor**
  - the infernal torso, 614
  - mesenteric insufficiency, 912
  - miniscope for immediate electrocardiographic image, 465
- Levarterenol**, effect on circulatory dynamics in shock, 834, 841
- Lidocaine** and procainamide, cardiac and peripheral vascular effects of, 701
- Marfan's syndrome** with mitral insufficiency in child, 127
- Mesenteric insufficiency**, 562, 576, 887, 912
- Metaraminol**
  - effects on circulatory dynamics in shock, 834
  - in postural hypotension, 837
- Methyldopa** in hypertension, 552
- Mitral insufficiency**
  - functional, in acute myocardial ischemia, 807
  - in Marfan's syndrome, 127
- Mitral stenosis**
  - congenital, surgery for, 758
  - elective with pump oxygenator, 206
- Monitoring** of cardiac arrhythmias, 779

**Myocardial infarction**

- atrial transport dysfunction in, 22
  - causing transient bundle branch block in dextrocardia with situs inversus, 297
  - in identical twins, 122
  - and paralytic ileus, 887
  - photoscans delineate areas of, 482
  - and right bundle branch block correlated in VCG and ECG, 342
  - simulated by diphtheritic myocarditis, 580
  - and sudden coronary heart death, 859
  - and tall T waves, 195
  - treatment with urokinase-activated human plasmin, 93
  - vectorcardiographic criteria for presence of, with bundle branch block, 352
- Myocarditis**, diphtheritic, simulating myocardial infarction, 580
- Myocardium**, O<sub>2</sub> consumption of, and norepinephrine, 217

**Nervous system**

- central, lesions of, affecting cardiac rhythm, 379
- sympathetic, and response of normal heart to digitalis, 394

**New methods**

- assay of cardiovascular drugs, 695
  - cardiopulmonary bypass, improvements for pulmonary embolectomy, 828
  - cinetrace permits simultaneous oscillographic and radiologic data recording, 708
  - contour-plotting of heart sounds for analysis, 547
  - indicator-dilution technic measures unilateral renal blood flow, 820
  - needle biopsy, intracardiac, of ventricular septum, 227
  - photoscans of heart in myocardial infarction, 482
- Norepinephrine**, influence on myocardial O<sub>2</sub> consumption, 217
- in shock following myocardial infarction, 834
  - in pressor amine dependence, 846

**Pericarditis**, traumatic calcific nonconstrictive, 901**Pericardium**

- congenital partial absence of, 133
  - pericardiocentesis, 722
  - postpericardiectomy syndrome secondary to gunshot wound, 593
  - rupture and calcification from injury, 901
- Phlebogram** and phonocardiogram in pulmonary hypertension, 665
- Phonocardiogram**
- double opening snap in valvular lesions, 800
  - functional basis of heart sounds, 631
  - heart sounds of prosthetic ball-valves, 794
- Photoscans**, myocardial infarction delineated by, 482
- Pneumogram** and cardiostachocardiogram and sinus arrhythmia, 379
- Postgraduate calendar**, 155, 313, 469, 618, 774, 931

**Postgraduate course**

- in Burlington, Vt., 314
  - in La Jolla, Calif., 471

- President's page**, 152, 310, 466, 615, 771, 919

**Pressure**

- left atrial, prediction of, from second heart sound to opening snap, 184
- negative, cardiovascular effects of, 506

**Pressure curves**

- in tricuspid insufficiency, 189

**Procainamide** and lidocaine, cardiac and peripheral vascular effects of, compared, 701**Prostheses**

- ball-valves causing heart sounds, 794
- value for annulo-aortic ectasia, 679

**Pseudoaneurysm**, left ventricular, secondary to stab wound repaired, 601**Public health**, mass screening for heart disease in school children, 679**Pulmonary artery**

- pressure in ventricular septal defects, 634, 665

**Pulmonary stenosis**

- acquired, due to external cardiac compression, 256
- congenital, 750
- infundibular, due to pericardial band, 263
- natural history of, 654

**Quinidine**, fibrillation caused by, converted by external electroshock, 118**Radiocardiography** for detection and localization of shunts, 165, 176**Radioisotope-dilution curves** as adjunct to cardiac catheterization, 165, 176**Review**

- acute coronary occlusion as cause of myocardial infarct and sudden death, 859
  - common aorticopulmonary trunk and its embryologic implications, 406
  - coronary collateral circulation, 238
  - nonocclusive intestinal infarction, 562
  - pericardiocentesis, 772
- Rheumatoid disease** linked to complete A-V block, 585
- Roentgenography**, left hilar shadow and herniation of left atrial appendage, 454

**Screening examinations**

- for detection of heart disease in children, 688
- for physicians, 1965, 472

**Shock**

- cardiogenic, 615
- electro, for conversion of arrhythmia, 118
- treated with mephentermine, 841
- vasopressor treatment after myocardial infarction, 834

**Shunts**

- left to right, detection and localization of, by radio-cardiography, 165
- right to left, detection and localization of, by radio-cardiography, 165

**Surgery**

- cardiopulmonary bypass for embolectomy in massive pulmonary embolism, 828
- Kirschner wire migration perforated pulmonary artery, 598
- open heart, elective in mitral stenosis with pump-oxygenator, 206
- open and closed heart, results compared, for mitral stenosis, 206
- pacemaker implantation, 114, 267, 610, 717
- pericardiocentesis, 722
- prosthetic valve for annulo-aortic ectasia, 679
- pseudoaneurysm of left ventricle, secondary to stab wound repaired, 601
- risk of, in patient with aortic regurgitation and antero-lateral peri-infarction block, 67
- valvuloplasty unsuccessful in case of mitral and tricuspid stenosis, 758
- for ventricular septal defect, 634

**T loop, normal**

- in children, 336
- in men, 321

**T wave, interruption of, inducing ventricular arrhythmia, 813****Tests**

- cold pressor and circulatory dynamics, 54
- electrocardiograms for ability to diagnose arrhythmias, 906

**Trauma causing calcific nonconstrictive pericarditis, 901****Tricuspid stenosis, rheumatic, with right atrial hypertension and atrium papyraceum, 369**

congenital, 758

**Tumor**

- pheochromocytoma with nephrotic syndrome, 432
- thymoma of pulmonary artery causing pulmonary stenosis, 259

**Urokinase-activated human plasmin for coronary disease, 93****U. S. Public Health Service, Stewart heads, 776****Valve****aortic**

- necrosis of, cystic medial, in annulo-aortic ectasia, 679
- prognosis for replacement and peri-infarction block, 67
- regurgitation in annulo-aortic ectasia, 679
- aortic and mitral, atresia of, with common A-V canal, 754

**mitral, functional insufficiency of, 807****mitral and tricuspid, stenosis of, 758****pulmonary**

- atresia of, with intact ventricular septum, 746
- stenosis of
  - from external cardiac compression, 257
  - infundibular, due to pericardial band, 262
  - natural history of, 654
  - and ventricular septal defect, 743
- pulmonary and aortic, stenosis of, congenital, 750
- tricuspid
  - and atrial fibrillation, 189
  - congenital stenosis of, 758
  - rheumatic stenosis of, with right atrial hypertension and atrium papyraceum, 369

**Vectorcardiogram**

- correlation with ECG in myocardial infarction with right bundle branch block, 342
- criteria for recognition of myocardial infarction in left bundle branch block, 352
- mean latitude and longitude of spatial vector in normal man, 321
- normal mean electrical axis in normal man, 321
- orthogonal system, normal spatial, in normal man, 321
- T loop in normal children, 336
- in ventricular septal defect, isolated, 359

**Vena cava**

- persistent, into left atrium without O<sub>2</sub> saturation, 273

**Ventricle**

- enlargement of, in children at high altitudes, 474
- excessive hemodynamic burden sustained with digitalis therapy, 534

**left**

- end-diastolic pressure in acute myocardial ischemia, 807
- failure of, and circulatory adaptation in idiopathic cardiopathy, 672
- normal, and outflow obstruction, 540
- pseudoaneurysm of, secondary to stab wound, 601
